## THE PAT BAY HIGHWAY

Since the report in the October Cordovan, little direct action has taken place. However, that's not to say that nothing has been happening.

Shortly before the municipal election in mid-November, Saanich Council imposed a moratorium on the highway, pending adequate environmental and social studies. As a result, none of the scheduled Liaison Committee meetings have taken place.

A report from the Municipal Planner will go to Council before the end of January, "seeking direction" and asking permission for the Liaison Committee to meet.

The Ministry of Highways is all ready to go. The consultants - Reid Crowther of Vancouver - have been hired. The Ministry is asking for an early meeting of the Liaison Committee - a "stage-setting" meeting with the consultants. At that meeting, the consultants will outline the direction they will take, how they intend to conduct the study, the methods they will use, what information they will be seeking, and which sub-consultants with specialized backgrounds will be hired to do the various social and environmental studies.

When will the decisions be made that will affect Cordova Bay? According to the Ministry spokesman, perhaps a month or so after the upcoming meeting. Whenever that turns out to be!

There will be a full report in the late-March issue of The Cordovan. However, so as not to delay transmitting information to you, a report will be put up on the noticeboard at the shopping plaza whenever there is something to tell you. If you need more information then, you can phone Ann Moffat at 658-5716.

## **WHAT THE CORDOVA BAY ASSOCIATION DOES FOR YOU**

examines all proposals for development, subdivision and zoning changes in the community, to make sure they meet the requirements of the Local Area Plan;

attends council and other relevant municipal meetings to monitor all issues of concern to the community, and to put the community position to the mayor and aldermen when required;

provides information and assistance to community residents with problems or questions about changes in local planning and, through two trained referral agents, information for residents on personal and family concerns;

provided and maintains the community notice board in the shopping plaza;

supports the activities of the Cordova Bay Seniors' Lodge Society in promoting seniors' housing in the community;

and, last but not least, publishes "The Cordovan" and delivers it to your door six times a year.

**THIS WORK IS ALL DONE BY VOLUNTEERS !**

PLANNING REPORT

This month's topic is "gravel pits", a prominent part of life in Cordova Bay, involving, as it does, heavy truck traffic, environmental pollution and constant aggravation, particularly to those who live in the Bay area. Yet this extremely visible operation is shrouded in mystery.

For example, although we have zoning by-laws to regulate the use of land, having due regard to "the promotion of health, safety, convenience and welfare of the public", they do not cover the extraction of sand and gravel. Why? Sand and gravel extraction is not considered to be a land use. Amazing, isn't it, that an operation that removes hundreds of thousands of tonnes of land and completely changes the appearance of the landscape is not considered a land use?!

Another mysterious approach to sand and gravel that comes to mind is related to the recent CRD sand and gravel report. To obtain the information for this report, the CRD sent a questionnaire to all the municipalities in the Capital Region. One of the questions asked if sand and gravel extraction in the municipality had caused any local conflicts due to truck traffic, noise, dust, safety, etc. Colwood admitted to problems. Saanich did not.

Could it be that the concerns we have shown for Cordova Bay are falling upon deaf ears?

THE FRIENDS OF MOUNT DOUGLAS PARK SOCIETY

During the fall, we made a major presentation to Saanich Council on alternate ways of providing local emergency services that would reduce the need for a large transmitter site at the summit of the park.

The presentation was a part of our response to a plan to remove land from the park before Saanich assumes full control of it. This plan would take out of the park the land surrounding the present transmitter site, a strip down the southern face for utilities, and all the roads through the park.

The plan has not been implemented, and all action has been stopped while Mayor Murray Coell talks to the Minister of Crown Lands.

The winter storms have brought down large numbers of mature trees, especially around the park boundaries, where they receive the full force of the wind and the ground is particularly wet. There is a possibility of a reforestation program being introduced, if the federal government will provide the funds. This is a move we strongly support.

LETTER TO THE EDITOR

The Editor  
The Cordovan.

In delivering The Cordovan in areas of newer houses which are served by group mailboxes, we find that a surprising number have no mailbox adjacent to the front (or rear) door. In such situations we have to hang The Cordovan on the door knob, in the fond hope that it won't get blown away.

Would it be possible to put a little reminder in the next and subsequent issues, that, unlike Canada Post, we do door-to-door deliveries, and it would help a lot if we had somewhere safe to place The Cordovan!

### CORDOVA BAY PRESCHOOL

Cordova Bay Preschool is a non-profit  
parent-owned cooperative preschool  
which has been an important part of  
this community for forty years.

Currently located in St. David's  
church hall, 5182 Cordova Bay Road, it  
provides a learning facility for 3  
and 4 year old children. It offers a  
gentle, stimulating introduction to  
early childhood education, under the  
guidance of highly qualified and  
experienced supervisors who believe  
in learning through play. The family  
is actively involved in the program.

Spaces for September are filling up  
quickly. For further information,  
call Ellen Clodge, 658-2774.

### HELP!

My baby sister will be 6 months old  
in March, and Mom is going back to  
work. We need someone nice to look  
after Emily. She's really neat -  
you'll like her. If you are  
interested, please give my Mom,  
Carol, a call at 658-4699.

### WANTED

In need of a babysitter for our  
17 month old boy. Extremely flexible  
hours and days. In my home or yours.  
Please call Roxanne, 658-2441.

### BADMINTON

## ENVIRONMENT 1991

We all know about the planet's environmental problems - so overwhelming by now that we tend to forgive ourselves for not knowing quite where to start doing something about it.

But each individual action to reduce the toxins entering our air, water and soil does make a difference.

Since most of us spend 90% of our day indoors, we can start by removing as many household chemicals from our home as possible. Most of them come from the kitchen and the bathroom.

Over the past 50 years or so we have been bombarded with cleaning products which rely on synthetic chemicals, most of which have not been tested for short- or long-term effects on human beings. There are many safer, equally effective non-toxic alternatives to these toxic household products.

- \* replace caustic cleaners (with ammonia and other disinfectants which cause eye, lung and skin irritations) with a mix of 1 or 2 teaspoons of borax (available in the supermarket), one quart of hot water, and a little distilled white vinegar. You can put it in a spray bottle and use it to clean walls, floors, countertops, stovetops, and even the oven. There is no release of toxic vapours (as there is with chlorine and ammonia-based cleaners) and it works better than the high-priced supermarket brands.
- \* in the bathroom, in place of mildew or mold cleaners which often include kerosene and formaldehyde, as well as other toxic chemicals that are absorbed through the skin, use a mixture of 4 to 8 tablespoons of borax to one quart equal parts water and vinegar. Spray and wipe clean. Borax is an excellent antibacterial agent, and it leaves no smell or fumes. Instead of germ killers which contain chlorine and formaldehyde, use a mix of borax and water (as for kitchen jobs). You'll get the same germ-free surfaces without toxic overload. And instead of toilet cleaners with corrosive toxic irritants, use a toilet brush with baking soda and a mild, non-chlorinated detergent such as Bon Ami.

For more information about creating a toxin-free home, you can contact:

- \* Earthday Canada, 800 Yates Street, Victoria, B.C. V8W 1Lx
- \* Greenpeace, 2623 West 4th Ave., Vancouver, B.C. V6K 1T8

### CANVASSERS

We still need several canvassers for the membership drive. If you remember what the Association does for you, if you like to walk around the community, if you have a little free time or time you can make free, please call Edwin Hipsey at 658-8283.

### NO-JUMP, NO-RUN FITNESS CLASS

### CORDOVA BAY KIWANIS

For the second year our Eric Robinson Memorial Bursary has been presented to an Electronics Engineering student at Camosun College. Eric Robinson was well-known for his interest in the development of the community. He died in 1989.

In support of the current Kiwanis Major Emphasis Program directed at young children, the club has also sponsored a bursary for a student of the Camosun College Early Childhood Education Program.

The parent-supported Cordova Bay Preschool has been provided with funds to assist them to mylar (shatterproof) some windows, upgrade doors (fire regulations) and install some carpeting etc.

The weather seriously hampered our annual Poinsettia and Christmas Cake sales. Thanks to the support of our community, we managed to escape disaster, barely. We will be at it again next year.

The club is currently collecting items for their annual May Garage Sale. Keep us in mind. Thank you.

CORDOVA BAY INDOOR SOCCER TOURNAMENT

The 8th Annual Cordova Bay Indoor Soccer Tournament (C.B.I.S.T.) was held over the Christmas holidays, from December 27 through January 6.

The tournament, the only one of its type in the area, has grown in popularity and respect over the past eight years.

This year's 8-day tournament involved 42 teams (divisions 10 through 7) from 9 different clubs, making it the largest indoor soccer tournament ever held at our Community Hall. There were 12 Division 10 teams, 12 Division 9 teams, 10 Division 8 teams and 8 Division 7 teams.

Three Cordova Bay teams participated this year: CB Bears (div. 10), CB Ravens (div. 9) and CB Cobras (div.7).

A total of 81 games were played, with 603 goals scored, and an average of 7.44 goals per game. Refereeing was very capably handled by three community youth soccer players: Renton Leversedge, David Newstone and Danny Newstone.

The division winners and runners-up were:

<u>Division</u>	<u>Winners</u>	<u>Runners-up</u>
10	Bays United Raiders	Lakehill Foster
9	Gorge FC	Lakehill Vampires
8	Bays United Stingrays	Gordon Head Whitecaps
7	Gorge FC	Lakehill Allsport

Despite the snowy, icy, freezing weather - conditions which caused some rescheduling - the almost-600 registered participants thoroughly enjoyed themselves and contributed to another highly successful and exciting tournament.

The C.B.I.S.T. organizers would like to thank the Cordova Bay Elementary School for the use of their staging and gym mats. Thanks also to Brian Fowler and the Community Club for their cooperation throughout the organization of the tournament, and particularly for making the hall available to rescheduling needs.

HELP RUGBY!

SEALAKE DISTRICT GIRL GUIDES

There will be a Local Association meeting on Tuesday, 22 January, at 8:00 p.m. in St. David's church hall. Main topic - telephone books. All parents are urged to attend.

The Parent/Daughter Tea will be held on Monday, 18 February, from 6:30 - 8:00 p.m., in the lunchroom at Claremont School. We need help in setting up and clearing away for this event. So far only one person (from the Pathfinder group) has volunteered to help. We need someone from each group. Please phone Sue Watts, 658-8160, if you can help.

Players and parents of the Claremont Senior Boys Rugby Team need your help.

Please search out saleable items (in good condition, please) for a

Garage Sale

to be held on April 13, at Claremont School.

The team needs help with air fare, to enable them to travel to New Zealand and Australia for down-under rugby tournaments. The garage sale is only a part of their effort to raise funds.

For free pickup any time, call Lorraine Kirkendale at 658-5358.

All items and all contributions are greatly appreciated.

CLAREMONT SECONDARY SCHOOL KEY CLUB

The Key Club has, for the second year, conducted a fund-raiser in support of Sleeping Children Around the World. This non-profit Canadian organization is also recognized and supported by Kiwanis International. It is dedicated to providing personal bed kits to very young children in poor countries. Since there is no profit to Key Club, not even postage expense, it truly meets the objects of such service.

The Key Club's recent application to the Court of Canadian Citizenship to sponsor a Citizenship Court Ceremony at Claremont Secondary School has been accepted. Members are awaiting further instructions. It is anticipated that seating will be made available for some public attendance.
